FOREWORD

The St. Vincent and the Grenadines Port Authority Statistical Digest encloses data on cargo, vessel and cruise passenger activities at the county's major port centers – Kingstown and Campden Park Container Port. It also captures data on cruise vessel passenger arrivals in the Grenadines.

The Campden Park Container Port is a subsidiary of St. Vincent and the Grenadines Port Authority and is the central container port in St. Vincent and the Grenadines. On average, 90% of all container activities are handled at this location.

The intention of this publication is to provide statistics to all our present and impending customers, various stakeholders and the public at large who expectantly will find this digest a valuable resource.

Any valuable propositions will be appreciated.

Paul Kirby
Port Manager

Banana exports continues to decrease as a total of 8,423 tonnes were exported in 2008 when matched against 13,557 tonnes in 2007 thereby reflecting a 37.86% decrease in exports in 2008. The percentage decrease amounts to more than twice the percentage (16.84%) reduction in 2007. With the month of January being the exception, exports were less than 1000 tonnes per month throughout 2008.

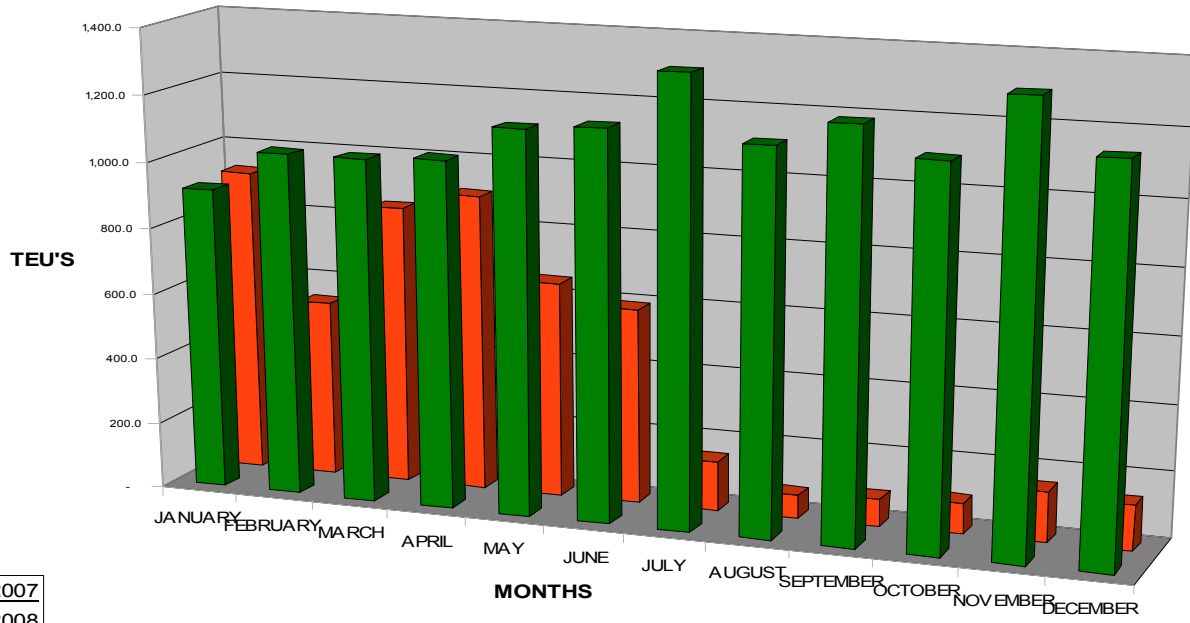

The fall in the retail price in supermarkets in the United Kingdom along with the dry season are some of the contributing factors for the decrease in output in 2008.
